**POULTRY
EQUIPMENT**

"The best for less!"

ILLINOIS SUPPLY CO.

Aurora, Ill.

WHAT ILLCO SERVICE MEANS TO YOU!

BEFORE we started our business we recognized that a buying service that would really save money would be a big help to every person keeping poultry or pigeons. It was this thought that decided us to start our business and each year as our friends steadily increase in numbers, we are satisfied that we founded our business on a sound and practical idea.

True—we do sell for a smaller profit than most people who handle the kind of equipment we do. However, we save a good deal of money because folks who buy from us once usually come back for other items that they might need. That means we don't have to be always looking for new customers—which costs a lot of money.

Our equipment is not of the cheap grade because we do not want to sell a thing to anybody that we wouldn't be willing to use ourselves. We select the products to be manufactured for us on their comparative values as to quality, service and price and that makes it possible for us to absolutely guarantee any item listed in our catalog.

We have stacks of testimonial letters complimenting us on our unusual method of doing business, but we do not publish them for we feel that you are more interested in what our prices are than what Mrs. X of Honolulu thinks about us. We will say this, though, among our regular customers are many of the largest poultry and pigeon raisers of this country.

Should you happen to have a particular piece of poultry equipment in mind and you do not find it listed in our catalog be sure to write us about it for we can quickly secure it for you and save you money on it, too. Because we buy in such large quantities, we can often secure advertised products for you at a better price and more quickly than you can by ordering direct.

Remember this—Illco service means "The best for less" and we are determined to help every customer to make more money by helping them to cut down their expenses. It's entirely up to you to decide whether we deserve your business or not. Look over our prices—compare them with others you know about and send us a trial order. Then, when you really know what Illco service means you can easily tell if we are the kind of folks you want to do business with.

If you will think this over, we feel sure you, too, will be using Illco service regularly.

Sincerely yours,

ILLINOIS SUPPLY CO.

The NEW Ilco Self Setting Racing Trap

The last word in the Racing World. This trap was designed by an expert to make a trap as near fool proof and indestructible as possible.

NO frame to crack or warp out of shape. Constructed so Bobs will swing all the time by slipping out lower stop wire. Bobs also can be raised giving them free opening. Trap may be furnished with a mahogany finish board which you may hang in the house. This board is equipped with 110 volt bell transformer, bell and snap switch. By changing one post you can have short ring or a continuous ring as you desire. You never have to go out into the loft to reset trap as it is always set. Not a trigger or spring or catch of any kind to get out of order. Equipped with new style Ilco cast bobs.

Sizes and Prices F. O. B., Aurora

	Trap Only	With Electric Board
10½ x 15½	\$3.75	\$ 9.50
10½ x 19	4.40	10.15
10½ x 22	4.75	10.50
10½ x 25½	5.25	11.00
10½ x 29	5.75	11.50

Electric Board complete \$5.75 F. O. B. Aurora, Illinois. (Two dry cell batteries will be furnished if you have no electric current.)

Directions for installing Ilco Self Setting Racing Trap. Connect wires A to 110 volt house circuit. Connect wires B on the board to wires B on the trap. If short ring is desired let stop post D remain in board. Continuous ring is obtained by pulling out Post D. To reset Bell Pull string C.

LAURISTON RACING TRAP.

Hangs on the outside of loft entrance.

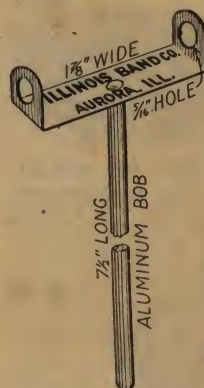

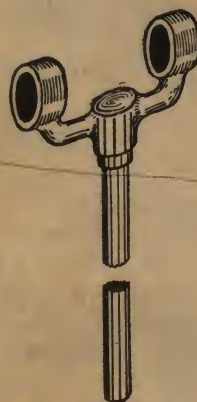

Equipped with Ilco Cast Bobs, 18" high x 24" long, \$15.00 F. O. B. Aurora, Illinois. If with electric board \$20.00 F. O. B. Aurora

New Style Ilco Bob

Cast aluminum bob. Absolutely will not bend or break. Will withstand all kinds of severe use. Strongest bob ever made. 25c each; \$2.40 for 12; \$4.25 for 25, postpaid.

100 for \$5.75, F. O. B. Aurora		

Mating Perches 9"x4", \$2.00 per doz., F. O. B. Aurora.

The Illco Sanitary Feeder and Fountain

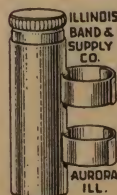

THIS is the first opportunity to purchase this fountain and feeder in this country at this extremely low price. English, French and Belgian Fanciers have been using it for years.

In use in all government training stations. The pan is baked white porcelain, enameled inside and out. (Easy to clean.) The protection guard is made of smooth galvanized wire electrically welded, no sharp corners.

Impossible for birds to waste or soil whatever you wish to put in the pan. The top being cone-shaped, the birds can't roost on it. Also protects from all kinds of weather. The only strictly sanitary fountain or feeder on the market.

Price, \$1.65 each; 3 for \$4.75; 6 for \$7.40, F. O. B. Aurora, Ill.

Message Holders

Made of light aluminum. Same as in government service. Easily fastened on the pigeon's leg. Price, postpaid, 50c, 4 for \$1.35.

Pigeon Catching Net

24 inches deep. Hoop 14 inches in diameter is made of stiff galvanized wire. Handle 1 foot long. Postpaid \$1.00.

Scraper and Cleaner

Made of heavy galvanized iron, and is just the thing for cleaning out brood coops, nests and dropping boards. It gets into the corners, which are often overlooked. 30c postpaid.

Squab Killing Knife

50c postpaid. Made of razor steel.

Judging and Training Stick

Four sections \$2.50, postpaid.
5 sections, \$3.00

Sealer

Can be used for sealing Timers, also the doors of your shipping coops. Prevents theft. Only \$3.35, postpaid.

Pigeon Nest Eggs

They are made of white glass and are used by Racing Homer Fanciers as dummies under their racing birds. Thus you can keep the racer on eggs several days longer than normal and there is no danger of their breaking or hatching the eggs. 55c per dozen; \$2.75 per six dozen; \$4.80 for 12 dozen, postpaid.

Salt Cat Bricks

Murman's Salt Cat Bricks—an old English preparation of grit and mineral salts which is necessary to keep pigeons and chickens in good condition. Prices: First five zones, 30 cents per full brick, \$2.40 per dozen, shpg. wgt. 13 lbs, F. O. B. Aurora.

Write for reduced prices on feeders and fountains in dozen lots.

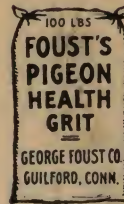

Round Pigeon Feeders

This Pigeon Feeder will prevent the pigeons from wasting feed. The feeding trough or bottom is made on a slant and prevents them from billing the feed out. A practical and economical feeder will soon save its cost. Price, postpaid:

	First 5 zones	Zones 6, 7, 8	Canada
3 qts.....	\$1.15	\$1.30	\$1.35
6 qts.....	1.75	1.90	1.95

Faust's Health Grit

For Pigeons. Medicine, Tonic, Tissue Builder. First Health Grit prepared scientifically. Price \$2.00 per 100 lbs. F. O. B. Factory.

Seal Wing Bands

Made from aluminum 7/32" wide, has raised or cut figures and numbered to suit customer.

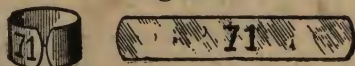

25 for 35c; 50 for 60c; 100 for \$1.00; 500 for \$4.00; 1,000 for \$7.50; Bands not numbered 100 for 90c.

Double End Clinch Bands For Wing Bands or Baby Chicks.

Made from aluminum 1/8" wide. Has raised or cut figures. Numbered to suit customer—25 for 25c; 50 for 35c; 100 for 60c; 250 for \$1.25; 500 for \$2.40; 1,000 for \$4.25; plain bands 100 for 50c.

Open End Chick Bands—Raised or Cut Figures

Numbered as you wish, has no clinch, but forms a very good marker for small fowls and baby chicks.

This band is made in two sizes, 1 1/4 and 1 3/4 inches long. State size when ordering.

Prices Postpaid

25 for 25c; 50 for 35c; 100 for 60c; 250 for \$1.25; 500 for \$2.40; 1,000 for \$4.25. Plain bands 100 for 50c.

If you wish initials or year on the above bands, add 10c per 100 for each letter or the year.

When the style figure (raised or cut) is not stated in the order, we will send whatever style we have on hand, and we are not responsible for errors in this respect, because of the lack of this information on customer's part.

Special Registration Wing Marker, used by a great many Universities in their poultry department. Marked year, initials and number—stamped.

Price 50c per 25; \$1.75 per 100; \$10.00 per 1,000.

Cut Steel Figures and Letters Can Be Used on all Aluminum Bands

Sizes from 1/8" to 1/4". Neatly packed in a wooden box.

With these figures and letters a poultryman can mark his bands with any letter or number he wishes.

Set of figures \$2.50 postpaid.

Letters A-Z \$5.75, postpaid.

Coil Baby Chick Bands

A neat, attractive band, easy to apply. Can be worn until six or eight weeks. Not numbered. Colors, red, blue, pink, orange, yellow, light blue, white, black. 25 for 25c; 50 for 40c; 100 for 75c; 500 for \$3.00; 1,000 for \$5.25.

Illco Improved Sealing Pliers

Recess hole fits lower part of lead rivet and prevents it from being flattened and weakened.

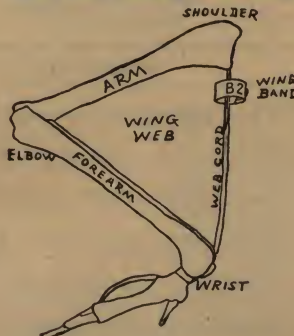

Wing Band size 90c; Poultry Band size, plain 90c; Lettered jaw \$1.15.

Aluminum Wing and Baby Chick Bands

Wing bands are used in special pedigree work. The chick is given a permanent number at birth and retains it for life.

Method 1. Band is temporarily placed on the leg of newly hatched chick, when four weeks old the band is removed from leg and placed on the wing for life.

Method 2. Wing band may be placed immediately on wing of newly hatched chick. This eliminates the rehandling of the chick which is necessary in first method, but it is more difficult to wing band a tiny chick than one four weeks old. Punch a small hole in the web of the wing. Insert band through this hole. Then hold your finger against the tender muscle to prevent its being torn while the band is being bent and fastened.

The following diagram, shows the exact position of wing band, whether Method No. 1 or No. 2 is practiced. The small slit is made just back of web cord.

The slit is made between the wrist and shoulder, but close to the shoulder, to prevent band from dropping down over the wrist.

Lever Punch

50c postpaid. Easy to operate.

Money Back Poultry Punch

Each\$0.40

Chick Punch

A poultry punch for marking baby chicks. Punches clean hole in web between toes. Will not bruise the foot. One size only. Each 25 cents.

New Ilco Automatic Water Fountain Built to Last a Lifetime!

The only High Grade value on the market. Made of cast brass, compound lever. $\frac{3}{8}$ " iron pipe size union connection. Will work under any pressure. Can be used for stock tank, poultry or pigeon fountain. Complete with 5" copper float. Price postpaid, \$2.00 each; 6 for \$10.50; 12 for \$17.50.

Aluminum Rabbit Ear Tags

Absolutely the best on the market. Requires a hole only one-half as large as other tags. Has a washer to prevent the tag from pressing into the ear. Suitable for all kinds of rabbits and covies, also being used on rats in experimental work, and on fish by the U. S. Bureau of Fisheries. We number them any way you wish.

Prices: 12 for 25c; 50 for 70c; 100 for \$1.35; 500 for \$5.75.

Colored Celluloid Washers

To be used in connection with the Aluminum Ear Tags. By using a different color for each litter, the different strains can be distinguished at a glance.

Note: Place the aluminum washer on the tag as usual and then place the colored washer over the aluminum washer before bending the lugs of the tag. Nine different colors, red, white, dark blue, green, yellow, pink, black, light blue, and cerise. 100 for 35c; 500 for \$1.50; 1,000 for \$2.75, postpaid.

Square Brood Coops

Made of Heavy Galvanized Steel. Bottom can be removed for cleaning. Ventilated on all four sides. Has single swinging door with slide to close at night, and opening for small chicks during the day. Single Coop can be sent by parcel post. Shpg. Wgt., 16 lbs. \$1.85. Shipped K. D. to save freight-costs. Size 18x24x18". Per six, shipping weight 80 lbs. \$8.52.

How to Buy an Incubator

In choosing an incubator it is necessary that you decide first what use you are going to make of it and what price you want to pay. The leading makes on the market today have patented features that will save you time and effort and make exceptional results possible.

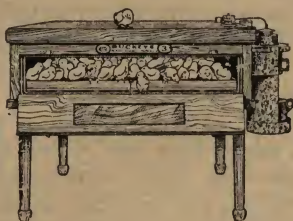

After years of close contact with hatcheries and poultrymen all over the country we have decided to recommend the following well known makes. To the person who wants a medium sized incubator we suggest the Buckeye. To the hatchery we say "Buy the Buckeye or Newtown Mammoth," and for these who prefer a lower priced incubator we'll guarantee the Miller to give you perfect satisfaction.

Ask us for complete catalogs of all these makes and remember that when you buy from us your incubator is doubly guaranteed. It carries the Ilco service guarantee and the manufacturer's whom you have often heard of also stand behind their products 100%.

And remember this—if you order other equipment from us we are ready to quote you special prices so don't buy an incubator without writing us first.

Buckeye Incubators

Master Breeder U Staples, \$1.00 per 1,000.

Illco Pedigree Baskets

No chance of mixing eggs or chicks, if you use Illco Pedigree Baskets. Made of galvanized wire with hinged top. Size 8" long, 5½" wide; 3½" high. Special sample baskets only 75c; postpaid; \$6.00 per 12, F. O. B. Aurora, Illinois.

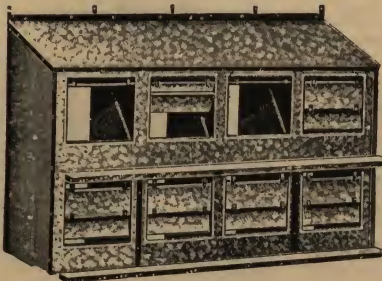

Ilco Sectional Trap Nests

A Nest that works perfectly allowing a complete check to be kept on the laying hens. When the trap season is over the trap doors can be removed and nests used for laying nests. Made in batteries of four nest sections long. Top section with sloping roof; bottom section fits underneath like a sectional book case. Made entirely of galvanized steel; no place for mites. Easily cleaned; has no backs, hangs against the wall.

No. of Nests	Length	Depth	Height front	Height back	Wt.	Price F. O. B.
4	48"	13"	14"	19"	23 lbs.	\$ 3.65
8	48"	13"	28"	38"	45 "	6.55
12	48"	13"	42"	57"	55 "	10.15

Economy Trap Nests

A very cheap and practical trap nest. They cost but a little more than the ordinary wooden nest and at the same price an excellent trap. Traps are made of galvanized iron, and clear gum wood dressed on both sides for the nest. Nest comes already set up crated. Remove crate bottom bolt or running boards and hang on wall.

Length 52 inches

No. of Nests	Shipping Weight	Set up in 2 or 3 sections	K. D. in 2 or 3 sections
8 double tier.....	70 lbs.	\$6.80	\$6.00
12 double tier.....	100 lbs.	9.00	7.80

Special prices on all styles of nests in quantity lots.

Economy Single Trap Nest

Single Trap Nest,
14" high,
14" deep,
13" long,
\$1.60 each,
postpaid.

Economy Trap Nest Fronts (single), \$4.55 per 12, F. O. B. Factory.

Economy Trap Nest Fronts (2 or 3 section) \$4.30 per 12, F. O. B. Factory.

Ilco Trap Nest Front

Same as used in our complete Ilco trap nests. Can be easily fitted to an ordinary wood box or coop. Sold only in sets of six. Six Trap Nest Fronts, 9 lbs. \$2.50; 12 Trap Nest Fronts, 16 lbs. \$4.00.

Ilco Round Opening All Metal Sanitary Laying Nests

These nests are built to hang on the wall up from the floor. Manufactured of heavy, hot galvanized copper steel, no cracks in which lice can harbor.

Nest boxes are 11½" wide, 13" deep with a 9¼" nest hole. F. O. B. Warehouses in Wisconsin, New York and Minnesota.

No. of Nests	Shpg. Wgt.	Price
3 single tier.....	25 lbs.	\$5.00
6 double tier.....	35 lbs.	7.00
10 double tier.....	55 lbs.	10.25

Trap attachment with special double hinge sure drop construction as shown above. 3 traps for \$1.30; 6 traps for \$2.40; 10 traps for \$3.90.

ALL of these nests are easily cleaned by swinging nest out on its hinges, letting the old straw slide out.

We can recommend any of the three styles of nests. Thousands are in use.

Steel Pyramid Shipping Coops.

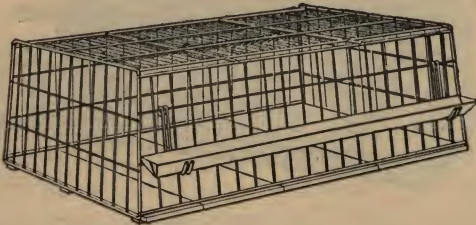

ELECTRICALLY welded. Strong, compact, comfortable, light, sanitary and economical. These coops will out last any 20 Veneer coops, besides saves on repairs and transportation charges.

Feeding Troughs made from either the best cypress or galvanized sheet metal at 50c extra. Suitable hangers go with the troughs.

They will nest—take no more room than the collapsible coop. Narrow mesh on top of coop, prevents broken necks.

These steel wire coops were very easy to disinfect during the last poultry epidemic. Are used and recommended by the large cities where they are taking steps to abolish the use of all wood coops.

Steel Pyramid Feeding Coop

Built on the same rugged lines as our Shipping Coops. Only difference is that it does not have the narrow mesh around the lower portion. Partition in the middle is especially adaptable to the farmer's needs. In addition to marketing purposes, by detaching bottom it makes an excellent feeding yard for little chicks.

Coops and Prices

Broiler or Squab 27x41x8" high close mesh with partition	\$2.50
Broiler or Squab Coop, 27x41x12" (partition 45c extra	2.50
Chicken Coop, 27x41x14" (partition extra) ..	2.50
Turkey Coop, 27x41x20" (partition extra) ..	3.00
Feeding Coops for Chickens, with partition ..	3.00
Feeding Coop for Turkeys, Geese with partition	3.50

Steel Feeding Battery

Size, 77 in. high,
54 inches long,
27 inches wide.

Especially adapted for large operators of poultry feeders. Mechanical construction gives the greatest strength and rigidity. Battery has eight compartments 27x15. Truck on axle wheels very easy to handle. Equipped with slide doors. Openings 9 $\frac{5}{8}$ x12 $\frac{1}{2}$ ". Either wood or sheet metal troughs are furnished. One trough for each compartment. Capacity—feeds 80 grown birds. Shipped K. D. to save freight. F. O. B. nearest warehouse \$40.00. Lots of five \$38.00 each.

Sectional Feeding Battery

Adapted for small feeding stations and butchers. Built in sections 27x41x14". Trays are made from heavy galvanized sheet iron. Two are used under each section. When in position the ends of the two trays lap.

2 section Battery with truck, complete shipping weight 110 lbs., \$15.00.

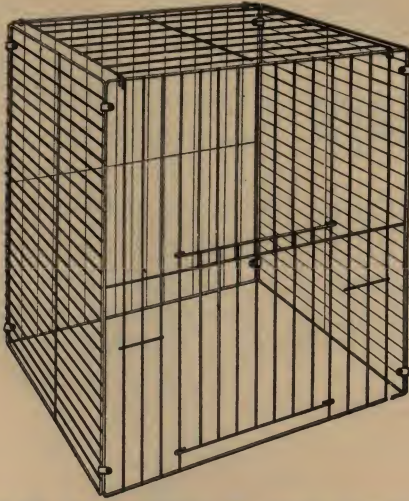

3 section complete shpg. wgt. 143 lbs., \$20.00.

4 section complete shpg. wgt. 176 lbs., \$25.00.

Folding Exhibition Coops

These exhibition coops made of the best galvanized steel wire. Extra heavy and electrically welded, are the most attractive and best value on the market today. They contain no clips or projecting bolts to break the feathers of the fowl. Each coop contains two attachments for feeding and drinking cups.

TRAIN your birds in show coops and win the prizes.

Made in single compartment, consequently easy to handle and to store away.

The wires on the side sections are spaced to make a narrow mesh, and are so arranged that when the coops are set side by side the wires on the adjoining partitions alternate, making a mesh of $\frac{1}{4}$ inch, thus rendering it impossible for the birds to fight each other between the coops.

This design for cooping shows is very effective, as it permits a splendid view of the entire show.

Two coops can be easily converted into a pen coop by the removal of a section from each coop (opposite sections) and clipping the fronts and backs of the two coops together with the clips taken from the sections removed. This can be accomplished in a few minutes' time.

When it is desired to use the coops in this way, be sure to specify for Bolt Clips.
